Michigan Revolution Soccer Club

Dear Business or Community Member,

Michigan Revolution is a dynamic, up and coming soccer organization in the Macomb County area that has close to 200 players. We have players who live as close as Macomb and Shelby Townships and players that drive in from China Township, Lapeer, and Pontiac. Our goal is to nurture the love of the game and teach the technical aspect to move our players onto the next level of competitive play.

We are currently looking for sponsors who are interested in promoting their business while helping us with reaching our goals.

- \$100 Donation- You can have your company logo added to our website and our club wide email list. This will also allow us to put your logo on the backs of our training t-shirts, which our players will wear all season long, in and around our area.
- \$250 Donation- Along with the above, we will create a banner to display at tournaments, camps and any club event with your company logo on it.
- \$1000 Donation- Everything from the above two donations and we will add your company logo to one of our teams' uniforms. These players will be seen by hundreds, if not thousands, of spectators at various games and tournaments in this area and all around the State of Michigan and Ohio.

We would like to thank you for considering the sponsorship of our program. The children and their families would greatly appreciate any donation that your business or Community organization is comfortable with. If you choose to sponsor Michigan Revolution in any way, we will supply you with our tax identification number, and remember, your donation will be 100% tax deductible, as we are a non-profit organization. Our players look forward to being great advertisers for your business! Please contact Vesna Matovski at (586)703-5709 to get your sponsorship started!

Sincerely,
Michigan Revolution Board of Directors:

Dan Chunn	Neil Gilbert
Christine Gerjekian	Lisa Harris
Jeff Lesnau	Vesna Matovski
Rebecca Maze	Stephanie Nowak
Amy Palazzolo
